**UDST CHS CPD
Mission Statement**

University of Doha for Science and Technology's
College of Health Sciences - Continuing Professional Development (CHS CPD)

will enhance evidence-based professional practice to address the needs of communities and improve the quality of healthcare in Qatar through the delivery of context relevant, accessible, interactive learning to healthcare practitioners and interprofessional healthcare teams.

The Scientific Planning Committee has reviewed all disclosed relevant relationships of speakers, moderators, facilitators, and/or authors in advance of this CPD activity and has implemented procedures to manage any potential or real conflicts of interest.
